## Prospects Bright For Eastern Ass'n

Looks Like Clear Sailing Now-Meeting Saturday Will Probably Put League On Its Feet and Pave Way for Opening -Fans Anxiously Awaiting for Developments.

From the way things look at present, there should be no difficulty encountered Saturday at the meeting of the Eastern association in getting six clubs to start the season during the early part of May. Plans are already much further advanced than has been announced, and the meeting Saturday will probably put the league on its feet and pave the way for the opening. It is more than likely that baseball will do better than ever this summer, for all of the walls of the calamity howlers. The major leagues have surnowlers. The major leagues have surprised the doubters and knockers by getting away to good starts, and the ideal weather has also given the game had stiff work in chasing long files, a big impetus. The row in which President O'Rourke and the three loyal President O'Rourke and the three loyal directors so completely vanquished Clarkin, Carey and Cameron has aroused great interest, and the fans are anxiously awaiting each new move. This means that they will turn out for the games later on. It will be a great satisfaction to the bugs to be able to view an exhibition of the national pastime, now that they were so nearly robbed of the taste. The old saw-maker who said that the water was never missed until the well randry had the right dope. Before the row the general attitude was that of indifference, but just as soon as baseball was seen vanishing in dim distance, consternation seized the rooters.

Mickey Flynn, the former Mobile, Little Rock and Waterbury pilot, who has a speaking acquaintance with every big league magnate in the business, and who copped the pennant for Waterbury in 1910, will be awarded one of the franchises Saturday. That is assured. Another probable magnate is Hank Ramsey, formerly manager of the Troy club of the New York State league. He is a man wise in the councils of baseball and would add substantial strength to the personnel of the league directorate. There will be no difficulty in placing a club in New Haven, as several propositions have been made.

Although Milton H. Baker, who bld for the Danbury franchise, has become impatient and gone into the Atlantic league, there is still a possibility that Danbury will be in the league. President O'Rourke says that he has a well known man ready to take up the says that he has a well because the program of the says that he has a well because the says that he has a well because the says that he has a well because the says that known man ready to take up the reins in Hatting Town.

MARKET TRADING FALLING OFF.

Various Explanations of the Diminished and Irregular Movement.

New York, April 22.—Trading in the stock market today fell away in marked manner, total transactions falling far short of the recent daily average of a million or more shares.
